26 becomes located in a high noise or accident potential zone. The statement  
27 required pursuant to this paragraph does not require the amendment or  
28 refiling of any notice filed before July 1, 2001 or before July 1 of the year  
29 in which the subdivision becomes located in a high noise or accident

35 condominiums.

36 (b) The date original construction was completed.

37 25. Other information and documents and certifications as the  
38 commissioner may reasonably require PROVIDED THAT THE SUBDIVIDER SHALL NOT BE  
39 REQUIRED TO DISCLOSE ANY CRITICAL INFRASTRUCTURE INFORMATION AS DEFINED IN  
40 SECTION 41-1801 OR ANY INFORMATION CONTAINED IN A REPORT ISSUED PURSUANT TO  
41 SECTION 41-4273.

42 B. The commissioner, on application, may grant a subdivider of lots or  
43 parcels within a subdivision for which a public report was previously issued  
44 by the commissioner an exemption from all or part of the notification  
45 requirements of subsection A of this section. The subdivider shall file a

1 statement with the commissioner indicating the change of ownership in the  
2 lots or parcels together with any material changes occurring subsequent to  
3 the original approval of the subdivision within which the lots or parcels are  
4 located. The statement shall further refer to the original approval by the  
5 commissioner.

6 C. If the subdivision is within an active management area, as defined  
7 in section 45-402, the subdivider shall accompany the notice with a  
8 certificate of assured water supply issued by the director of water resources  
9 along with proof that all applicable fees have been paid pursuant to sections  
10 48-3772 and 48-3774.01, unless the subdivider has obtained a written  
11 commitment of water service for the subdivision from a city, town or private  
12 water company designated as having an assured water supply by the director of  
13 water resources pursuant to section 45-576 or is exempt from the requirement  
14 pursuant to section 45-576. If the subdivider has submitted a certificate of  
15 assured water supply to a city, town or county prior to approval of the plat  
16 by the city, town or county and this has been noted on the face of the plat,  
17 the submission constitutes compliance with this subsection if the subdivider  
18 provides proof to the commissioner that all applicable fees have been paid  
19 pursuant to sections 48-3772 and 48-3774.01.

20 D. It is unlawful for a person or group of persons acting in concert  
21 to attempt to avoid this article by acting in concert to divide a parcel of  
22 land or sell subdivision lots by using a series of owners or conveyances or  
23 by any other method that ultimately results in the division of the lands into  
24 a subdivision or the sale of subdivided land. The plan or offering is  
25 subject to this article. Unlawful acting in concert pursuant to this  
26 subsection with respect to the sale or lease of subdivision lots requires  
27 proof that the real estate licensee or other licensed professional knew or  
28 with the exercise of reasonable diligence should have known that property  
29 which the licensee listed or for which the licensee acted in any capacity as  
30 agent was subdivided land subject to this article.

31 E. A creation of six or more lots, parcels or fractional interests in  
32 improved or unimproved land, lots or parcels of any size is subject to this  
33 article except when:

34 1. Each of the lots, parcels or fractional interests represents, on a  
35 partition basis, thirty-six acres or more in area of land located in this  
36 state, including to the centerline of dedicated roads or easements, if any,  
37 contiguous to the land in which the interests are held.

38 2. The lots, parcels or fractional interests are the result of a  
39 foreclosure sale, the exercise by a trustee under a deed of trust of a power  
40 of sale or the grant of a deed in lieu of foreclosure. This paragraph does  
41 not allow circumvention of the requirements of this article.

42 3. The lots, parcels or fractional interests are created by a valid  
43 order or decree of a court pursuant to and through compliance with title 12,  
44 chapter 8, article 7 or by operation of law. This paragraph does not allow  
45 circumvention of the requirements of this article.

1           4. The lots, parcels or fractional interests consist of interests in  
2 any oil, gas or mineral lease, permit, claim or right therein and such  
3 interests are regulated as securities by the United States or by this state.

4           5. The lots, parcels or fractional interests are registered as  
5 securities under the laws of the United States or the laws of this state or  
6 are exempt transactions under section 44-1844, 44-1845 or 44-1846.

7           6. The commissioner by special order exempts offerings or dispositions  
8 of any lots, parcels or fractional interests from compliance with this  
9 article on written petition and on a showing satisfactory to the commissioner  
10 that compliance is not essential to the public interest or for the protection  
11 of buyers.

12           F. In areas outside of active management areas established pursuant to  
13 title 45, chapter 2, article 2:

14           1. If the subdivision is located in a county that has adopted the  
15 provision authorized by section 11-806.01, subsection F, or in a city or town  
16 that has enacted an ordinance pursuant to section 9-463.01, subsection O, the  
17 subdivider shall accompany the notice with a report issued by the director of  
18 water resources pursuant to section 45-108 stating that the subdivision has  
19 an adequate water supply, unless one of the following applies:

20           (a) The subdivider submitted the report to a city, town or county  
21 before approval of the plat by the city, town or county and this has been  
22 noted on the face of the plat.

23           (b) The subdivider has obtained a written commitment of water service  
24 for the subdivision from a city, town or private water company designated as  
25 having an adequate water supply by the director of water resources pursuant  
26 to section 45-108.

27           (c) The plat was approved pursuant to an exemption authorized by  
28 section 9-463.01, subsection K, pursuant to an exemption authorized by  
29 section 11-806.01, subsection G, paragraph 1, pursuant to an exemption  
30 granted by the director of water resources under section 45-108.02 and the  
31 exemption has not expired or pursuant to an exemption granted by the director  
32 under section 45-108.03. If the plat was approved pursuant to an authorized  
33 exemption, the state real estate commissioner shall require that all  
34 promotional material and contracts for the sale of lots in the subdivision  
35 adequately display the following:

36           (i) The director of water resources' report or the developer's brief  
37 summary of the report as approved by the commissioner on the proposed water  
38 supply for the subdivision.

39           (ii) A statement describing the exemption under which the subdivision  
40 was approved, including the specific conditions of the exemption that were  
41 met. If the plat was approved by the legislative body of a city or town  
42 pursuant to an exemption authorized by section 9-463.01, subsection K or by  
43 the board of supervisors of a county pursuant to an exemption authorized by  
44 section 11-806.01, subsection G, paragraph 1, the subdivider shall record the  
45 document required by section 33-406.

1 (d) The subdivision received final plat approval from the city, town  
2 or county before the requirement for an adequate water supply became  
3 effective in the city, town or county, and there have been no material  
4 changes to the plat since the final plat approval. If changes were made to  
5 the plat after the final plat approval, the director of water resources shall  
6 determine whether the changes are material pursuant to the rules adopted by  
7 the director to implement section 45-108. If this subdivision applies, the  
8 state real estate commissioner shall require that all promotional materials  
9 and contracts for the sale of lots in the subdivision adequately display the  
10 director of water resources' report or the developer's brief summary of the  
11 report as approved by the commissioner on the proposed water supply for the  
12 subdivision.

13 2. If the subdivision is not located in a county that has adopted the  
14 provision authorized by section 11-806.01, subsection F or in a city or town  
15 that has enacted an ordinance pursuant to section 9-463.01, subsection O, and  
16 if the director of water resources, pursuant to section 45-108, reports an  
17 inadequate on-site supply of water to meet the needs projected by the  
18 developer or if no water is available, the state real estate commissioner  
19 shall require that all promotional material and contracts for the sale of  
20 lots in subdivisions approved by the commissioner adequately display the  
21 director of water resources' report or the developer's brief summary of the  
22 report as approved by the commissioner on the proposed water supply for the  
23 subdivision.

24 G. The commissioner may require the subdivider to supplement the  
25 notice of intention to subdivide lands and may require the filing of periodic  
26 reports to update the information contained in the original notice of  
27 intention to subdivide lands.

28 H. The commissioner may authorize the subdivider to file as the notice  
29 of intention to subdivide lands, in lieu of some or all of the requirements  
30 of subsection A of this section, a copy of the statement of record filed with  
31 respect to the subdivision pursuant to the federal interstate land sales full  
32 disclosure act if the statement complies with the requirements of the act and  
33 the regulations pertinent to the act.

34 I. Neither a real estate sales contract, conveyance, lease, assignment  
35 or other instrument to transfer any interest in subdivided land nor any  
36 covenant or restriction affecting real property shall contain any provision  
37 limiting the right of any party to appear or testify in support of or  
38 opposition to zoning changes, building permits or any other official acts  
39 affecting real property before a governmental body or official considering  
40 zoning changes, building permits or any other official acts affecting real  
41 property, whether the property is located within or outside of the boundaries  
42 of the subdivision. All contractual provisions that conflict with this  
43 subsection are declared to be contrary to public policy. Nothing contained  
44 in this subsection shall prohibit private restrictions on the use of any real  
45 property.

1 J. Before offering subdivided lands for lease or sale, the subdivider  
2 who makes any promises through any form of advertising media that the  
3 subdivided lands will be exclusively a retirement community or one that is  
4 limited to the residency of adults or senior citizens shall include the  
5 promises in the deed restrictions affecting any interest in real property  
6 within the subdivided lands.
